The Columbine Valley Municipal Code prohibits temporary dumpsters, storage units, and portable toilets anywhere within the Town right-of-way. Any use or application of these for private use must be kept on an individual's private property.

In instances where a building permit is not required, a property owner may utilize dumpsters, storage units or portable toilets as follows:

- The property owner must obtain a cost-free permit from the town. _____ *Initial.*
- The unit must remain on private property. Units may not be placed on the street or in the Town's right-of-way. _____ *Initial.*
- The unit is only permitted to be on site for 30 days or less. _____ *Initial.*

The utility unit (port-a-let, storage container, and/or dumpster) must be removed from the site on or before expiration date.

I hereby acknowledge that I have read and state that the above is correct and agree to comply with all city ordinances and the municipal code.
